Do you need more "Me Time" space in your home? How about a Man Cave or Workshop? Convert that wasted overhead space in your garage with a Mechano Max structure

Business Owners: You own your Mechano Max structure - Not your landlord. When you move, take it with you. Free standing structures will span 20 feet.

Mechano Max structures are easy to adjust and customize to suit your needs. Use for exterior or interior applications. Galvanized steel will not rust and never needs paint.
